

# HEC Newsletter

December 2019

HEC 2020 registration has officially begun! Coordinate with your JTEs and speak with students about registering for the test. You have until February 14, so be sure to sort everything out by then, fill out the [Google Form](#) and [do the paper component](#). After that, please check out the [2020 test information packet](#) to make sure you and your JTE understand the process.

We are planning some classic and new events for the winter and spring. The annual Kitami Concert will return – this time with a dance party! We will also be holding an afternoon concert in Sapporo in April. Let these hot beats warm your spirits! Check out the events calendar below to learn more.

Finally, some logistical housekeeping. We've been getting a lot of great questions about test registration, test registration fees, and camp. To help smooth out this process, we are constructing a new FAQ for the HEC website. Please keep sending your questions to us until then!

No HEC. No life.
