What is HEC?

The Hokkaido English Challenge (HEC) is an English competition for students in Hokkaido. HEC was established by participants of the Japan Exchange and Teaching (JET) Programme in 1994 as a means of motivating students to improve their oral communication skills. It was intended that by interacting with ALTs, the students' confidence and language proficiency would improve. HEC gives ALTs the chance to become instrumental in their students' progress and gives both students and ALTs a goal to work towards as a team.

Due to the restrictions of the COVID-19 pandemic, we will **NOT** be hosting an English summer camp. We will **NOT** be awarding a homestay experience to the grand prize winner.

The challenge has two divisions: first year junior school (JHS) and first year senior high school (SHS). Registration is open to **ANY first year junior and senior high students in Hokkaido**.

The challenge consists of a 30-minute test based on the national syllabus, which is administered and recorded by the contestant's Assistant Language Teacher (ALT). The video is sent to judges for evaluation and the results will be announced in late May. The test's emphasis is on communicative ability. Entrants are awarded points for 1) showing creativity with their acquired English, 2) their ability to express thoughts clearly and 3) how well they cope with unfamiliar vocabulary and grammar.

Test prizes rely heavily upon entry fees, donations and fundraisers. The support garnered from the Hokkaido Association for Japan Exchange and Teaching (HAJET) and Hokkaido's ALTs enables HEC to hold this speaking competition.

Why Get Involved?

HEC Camp is often praised as the most rewarding experience for an English teaching assistant and many ALTs choose to be involved year after year. This involvement has resulted in great success for HEC since its establishment. Involvement at any stage of the programme builds an ALT's professional experience and improves confidence in their English teaching abilities. Despite the COVID-19 pandemic restrictions, we would like to provide the opportunity for ALTs to encourage their students to use English outside of a regular classroom discourse. ALTs often report an increase in their students' interest and enthusiasm for English upon participating in HEC, as well as a marked difference in students' language skills. Students who enter become more comfortable speaking English and feel a sense of pride in having risen to the challenge.

Are My Students Qualified?

Of course! Every year HEC receives test videos from students who vary widely in their English ability. In preparation, some have practiced long and hard, while others have only met with their ALT once or twice to prepare. ALTs new to HEC are often unsure whether their students have sufficient communicative abilities to enter but that shouldn't stop you from offering your student such an opportunity.

Typically, the upper tier of senior high school winners can communicate in English relatively easily. The lower tier is usually able to understand intermediate spoken English but may be slower in responding and/or find it more difficult to respond naturally. Either way, both levels are sufficient for entering the HEC test.

HEC recommends that ALTs allow interested students to enter the competition even if there are concerns about the student's level. Our aim is to encourage and motivate students to speak English and to help nurture their oral communication skills. Furthermore, for many students, simply spending some time individually or in a small group with their ALT is an amazing opportunity. At the very least, your student(s) will still get a rather inexpensive, fun eikaiwa-like lesson(s) from you.

****If you have any questions regarding the eligibility of a student, please contact the HEC Director, Queena Xu, at hec@hajet.org. Students will acknowledge they meet all requirements of eligibility at the time they take the test. **If HEC gains knowledge that a student has wrongfully informed HEC in any way prior to that student taking the test, HEC reserves the right to cancel said student's score without refund and revoke any prize he or she may have won.******

Entry Fees

The cost of entering HEC is **¥1000 per student**. The cost is subject to change between now and the opening of registration at the discretion of the HEC Director.

Entrance fees may be covered by either the parents or by the school. It is more common for parents to cover the cost, but sometimes schools or boards of education may be willing to

cover the cost.

The 'HEC Letter Pack' will provide letters explaining HEC in Japanese. Please inform your board of education, schools, and JTEs **before** distributing posters and letters to students. There will be letters that can be given to parents to request entrance fees as well as letters suited for schools. The letter pack can be found here: <https://hec.hajet.org/information/>. All proceeds from entrance fees go directly to help fund the HEC prizes. **Entrance fees are non-refundable.**

****NB: The fee is the same for every participant regardless of the number of entries. Furthermore, there is no price difference for students of HAJET members versus non-members. ****

HEC Scholarship & Fee Waiver

HEC offers a fee waiver for select students who would not be able to participate otherwise. Previously, there were concerns that some talented and deserving students have not been able to participate in HEC because the entry fee was too high. For this reason, a special fee waiver is available to such students. To qualify for the waiver, a student should be identified by both the ALT and JTE as a particularly enthusiastic student. The student must also require such financial assistance. The JTE or homeroom teacher may have a good idea as to which students come from a family that may not be able to afford the full entry fee. Please keep in mind that HEC depends on entry fees to operate, so this fee waiver should not be announced publicly to an entire class. This waiver may be offered to only one student per school. The waiver must be approved ahead of time by the HEC Coordinator and approval is not guaranteed.

Registration

*Registration Period: December 13th, 2021
to February 10th, 2022*

Registration should be completed as far in advance as possible using the HEC test registration link available on the HEC website.
