**Senior** Division

Megan woke up at 8:30 AM. She only had toast for breakfast because she woke up late. After breakfast, Megan went to her friend's house to work on a project for school. They have a presentation in their science class next Monday.

At 2:00 PM, she went to the park and played tennis with her brother, John. He has a big tournament soon and is practicing very hard. Megan isn't very good at tennis, but she likes to help him practice.

After helping her brother, she went home. Her mother made pizza for dinner. It was delicious. Before going to bed, Megan studied math and read some manga.

## SECTION SIX: TWENTY QUESTIONS

In this section, you take on the identity of a person, a place, or a thing. The student has five minutes to ask you 20 yes/no questions to gather information in order to determine your identity. You must take on the identity of the person, place, or thing indicated below. Information about each is provided. Please read the information before beginning this section.

- The student MAY take notes.
- Should the student guess your identity in fewer than 20 questions, you may play again using one of the remaining two identities. However the limit of 20 questions does NOT reset and the student will only have the remaining questions from the first round to determine the second identity.
- The game ends after five minutes, after a total of 20 questions have been asked, or after all three identities have been determined, whichever comes first.
- Please warn your student when there are only two questions left.
- You MAY warn the student when there is 30 seconds left.
- If you do not know the answer to a question, you may respond with “I don’t know,” and that question will NOT count towards the 20-question limit.
- You may only respond to questions that can be answered in a yes/no structure. However, nuanced answers such as “maybe,” “sometimes,” etc. may be given if a definite answer cannot be given. Please be sure your nuanced answer does not give excessive information. These questions WILL count towards the 20-question limit.

**Step 1:** Please read all the directions, rules, and identity descriptions before beginning this section.

**Step 2:** Please choose one of the three identities listed below that you believe the student would know best.

**Step 3:** Read the following introductory sentence: “Section 6: 20 Questions. We have five minutes. You can take notes. Please ask me yes-or-no questions. *\*pause\** I’m a \_\_\_\_\_.” (Insert “person,” “place,” or “thing” as appropriate.) Please keep a tally of how many questions are asked.
