### HEC 2026 Terms & Conditions

1. The student must attend a junior or senior high school in Hokkaido.
2. The student must be in his or her first year of either junior or senior high school at the time of registration.
3. The student must have never spent more than three consecutive weeks in an English speaking country. This not only includes a country where English is the official language but also countries or regions where English is often used in public as a means of practical communication.
4. The student must not attend core subject classes in an English immersion setting.
5. The student must not reside in a household where English is a primary means of communication.
6. The test must be conducted by a Hokkaido ALT. However, the ALT does not have to be the one who is assigned to the school of the student.
7. There is no longer a student per school limit. There is no limit to the total number of students an ALT can enter. There is no limit to the number of students who can be entered from a single city or town.
8. If you have any questions regarding the eligibility of a student, please consult the HEC Director at [hajet.hec.director@gmail.com](mailto:hajet.hec.director@gmail.com). Students will acknowledge they meet all requirements of eligibility at the time they take the test. If HEC gains knowledge that a student has wrongfully informed HEC in any way prior to that student taking the test, HEC reserves the right to cancel said student's score without refund and revoke any prize he or she may have won.
9. The test is based on the grammar and vocabulary in the year's English studies provided in the Ministry of Education's syllabus. Held in March, the test lasts around 20-30 minutes and is done in front of a video camera. The ALT administers the test in the presence of a Japanese teacher of English (JTE) or another Japanese teacher who acts as a witness. Once the recording is complete, the video is sent to the assigned judges who determine which students go through to the final round. Head judges then select the overall winners and rank the top-scoring students. Results are announced at the end of May. Preparation for the test is at

the discretion of the ALT and student.

10. All participating students are asked to have their entries made available for use by HEC. Past entries are often requested by JTEs and ALTs as a guide for their own preparations, hence a limited portion of your test video may be saved for future reference.
